Introduction

Carefolk enables you to set-up your care team and manage it in a fluid and seamless way.

Each Caregiver has a profile which houses all of their relevant information, and contains great functionality, like quick messaging, automated digital timecards, scheduling, training, and much more.

Carefolk empowers both you, and them, to work better, collaborate easier, and provide great care service.

It automates many of those functions that eat up so much of your time, and greatly reduces the friction in yours, and your team's daily professional life.

You can either **manually add a Caregivers profile yourself**, or **invite them by email** where they can add their own profile.

Simple. Beautiful. Easy-to-use.
